CERTIFIED PUBLIC ACCOUNTANT

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and City Council City of Hubbard, Texas

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Hubbard, Texas as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City of Hubbard, Texas' basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Hubbard, Texas, as of September 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Hubbard, Texas and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

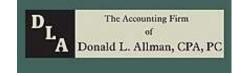

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Hubbard, Texas' ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Donald L Allman, CPA, PC 4749 Williams Drive., Ste. 322 Georgetown, Texas 78633 Email: dallman@donallmancpa.com

CERTIFIED PUBLIC ACCOUNTANT

INDEPENDENT AUDITOR'S REPORT (Continued)

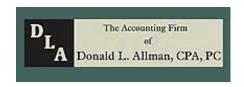

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Hubbard, Texas' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Hubbard, Texas' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4-9 and 45-46 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

CERTIFIED PUBLIC ACCOUNTANT

INDEPENDENT AUDITOR'S REPORT (Continued)

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Hubbard, Texas' basic financial statements. The accompanying combining and individual nonmajor fund financial statements and schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 12, 2025 on our consideration of the City of Hubbard, Texas' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Hubbard, Texas' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering City of Hubbard, Texas' internal control over financial reporting and compliance.

Donald L. Allman, CPA, P.C.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of the City of Hubbard's financial performance provides an overview and analysis of the City's financial activities for the fiscal year ended September 30, 2024. Please read it in conjunction with the independent Auditors' Report on page 1, and the accompanying basic financial statements.

FINANCIAL HIGHLIGHTS

- The City's government-wide net position decreased by \$1,382,549 as a result of the year's operations.
- The City's business-type activities net position increased by \$1,449,480 as a result of this year's operations, before transfers. The City's general fund activities net position decreased by \$(66,531) as a result of this year's operations, before transfers.
- Total revenues from all sources were \$3,838,864 an increase of \$1,704,209 from the prior year. This was primarily due to increases in grant income.
- During the year, the City's cost of all programs was \$2,456,315, which represents a decrease of \$(2,913) from the prior year.
- At September 30, 2024, the City's governmental funds reported an ending balance of \$266,938, which represents an increase of \$5,118 from the prior year.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The government-wide financial statements include the Statement of Net Position (on page 9). These provide information about the activities of the City as a whole and present a longer-term view of the City's property and debt obligations and other financial matters. They reflect the flow of total economic resources in a manner similar to the financial reports of a business enterprise.

Fund financial statements (starting on page 12) report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. For governmental activities, these statements tell how services were finances in short term as well as what resources remain for future spending. They reflect the flow of current financial resources, and supply the basis for tax levies and appropriations budget. Proprietary statements provide the same type of information as the government-wide financial statements, only in more detail.

The notes to the financial statements (starting of page 19) provide narrative explanations or additional data needed for full disclosure in the government-wide statements and the fund financial statements.

Reporting the City as a Whole

The Statement of Net Position and the Statement of Activities

The analysis of the City's overall financial condition and operations begins on page 9, Its primary purpose is to show whether the City is better off or worse off as a result of the year's activities. The Statement of Net Position includes all the City's assets and liabilities at the end of the year while the Statement of Activities includes all the revenues and expenses generated by the City's operations during the year. These statements are presented using the accrual basis of accounting, which means that all of the current year's revenues and expenses are taken into account regardless of when the cash is received or paid.

These two statements report the City's net position and changes in them. The City's net position (the difference between assets and liabilities) provide one measure of the City's financial health, or financial position. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving or deteriorating. To fully assess the overall health of the City, however, you should consider non financial factors as well, such as changes in property tax base and condition of the City's facilities.

In the Statement of Net Position and the Statement of Activities, the City is divided into two kinds of activities.

Governmental activities – Most of the City's basic services are reported here, including police, and general government. Property taxes, sales taxes, and franchise fees finance most of these activities.

Business-type activities – The City charges a fee to customers to help cover all of most of the cost of certain services it provides. The City's water and sewer system activity are reported here.

Reporting the City's Most Significant Funds

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds – not the City as a whole. Some funds are required to be established by state law and by bond covenants. The City's two kinds of funds – governmental and proprietary – utilize different accounting approaches.

Governmental funds – The majority of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year end that are available for spending. These funds are reported using an accounting method identified as the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic service it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the city's programs. By comparing information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements, readers may better understand the long-term impact of the government's near-term financing decisions.

Proprietary funds – The City charges customers for the services it provides, whether to outside customers or to other units within the City. These services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in Statement of Net Position and the Statement of Activities. In fact, The City's enterprise funds are identical to the business-type activities that are reported in the government-wide statements but provide more detail and additional information, such as cash flows, for proprietary funds.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The City's combined net position was \$5,968,086 of September 30, 2024. When analyzing the net position and net expenses of governmental and business-type activities separately, the business type activities net position is \$3,385,695. The analysis focuses on net position (Table I) and general revenues and significant expenses of the City's governmental and business-type activities (Table II).

GOVERNMENT-WIDE FINANCIAL ANALYSIS (continued)

A large portion of the City's net position (98%) reflects its investment in capital assets (e.g., land, buildings, infrastructure, machinery, and equipment); less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position (11%) represents resources that are subject to external restrictions on how they may be used. The balance of *unrestricted net position*, \$(337,110) or (5.6)%, may be used to meet the government's ongoing obligations to citizens and suppliers.

For the fiscal year 2024, revenues from governmental activities totaled \$1,247,126. Property taxes and sales taxes are the largest components of revenue 61%.

For fiscal year 2024, expenses for governmental activities totaled \$1,313,657. The City's two largest funded programs are public safety and general government.

Revenues of the city's business-type activities were \$2,591,738 for the fiscal year ending September 30, 2024. Expenses for the City's business-type activities were \$1,142,658. The City's largest expenses are personnel services and repairs and maintenance.

THE CITY'S FUNDS

As the City completed the year, its governmental funds (as presented in the balance sheet on page 12) reported a combined fund balance of \$266,938 which is less than last year's total of \$261,820.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of 2024, the city has invested \$8,551,892 in capital assets, including water& wastewater system, buildings& improvements, vehicles, equipment and land, net of depreciation. This amount represents a net increase of \$1,424,091 due to current year additions and depreciation. This year's major additions included:

Water System and Sewer System Improvements \$1,806,604. Equipment additions \$7,478 in the general fund.

More detailed information about the City's capital assets is presented in the Notes to the Financial Statements starting on page 26.

Debt

At year-end, the City had \$4,699,000 in long-term debt outstanding, versus \$5,016,978 last year. This decrease is due to principal payments made in 2024.

More detailed information about the City's long-term liabilities is presented in the Notes to the Financial Statements starting on page 27.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

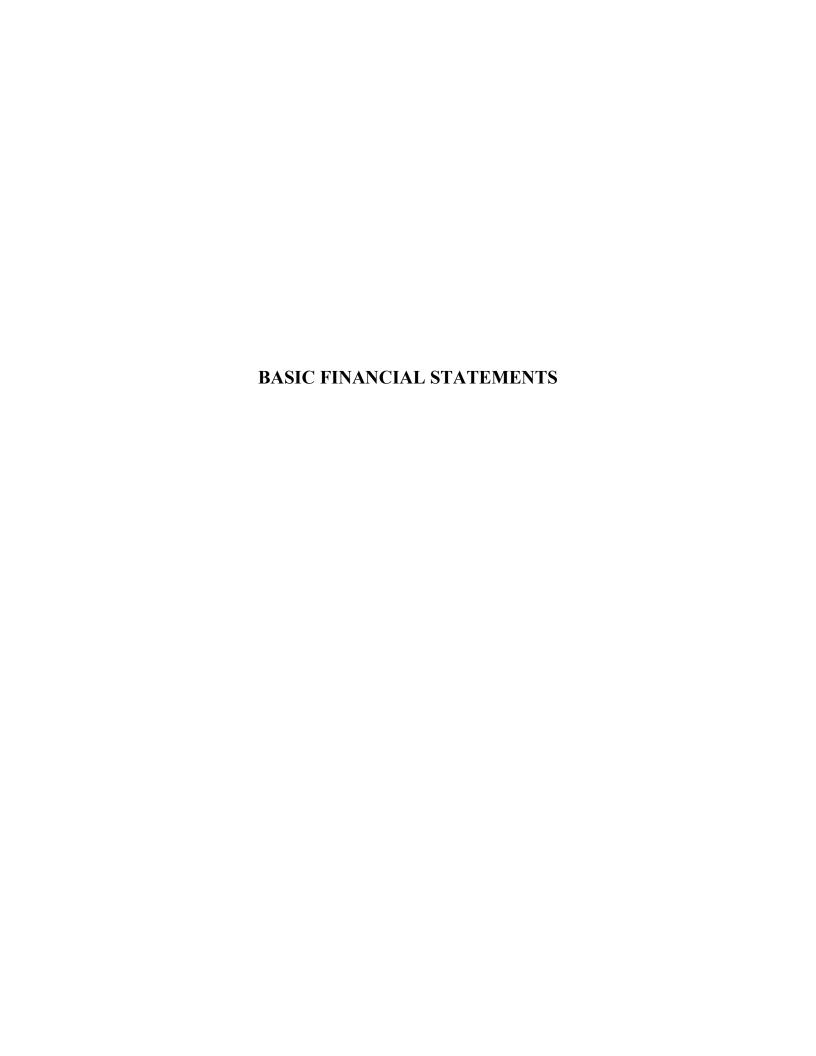

The City's elected and appointed officials considered population growth and available resources from state revenues and tax revenues when setting the fiscal year budget and tax rate.

For the 2024 fiscal year, the City adopted a \$961,313 budget for the General Fund and a \$969,654 budget for the Enterprise Fund. It will be funded through property taxes via a \$0.887 property tax rate and water and sewer revenue.

If the City does not incur any unforeseen expenditures or reductions in revenue, it should accomplish the task of providing services in the City within its available resources and not further reduce the current fund balance.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have any questions about this report or need additional information, contact the City's business office, at City of Hubbard, 118 North Magnolia Avenue, Hubbard, TX 76648.

CITY OF HUBBARD, TEXAS RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES

For the Year Ended September 30, 2024

| Change in net position of governmental funds | \$ 5,118 |
|---|----------------|
| Amounts reported for governmental activities in the statement | |
| of activities (page 14) are different because: | |
| Net change in pension asset, opeb liability, deferred outflows | |
| and deferred inflows | - |
| Difference in property tax revenues for govt. funds | (19,340) |
| Total Pension & OPEB Expense not included in Govt. Funds | (9,149) |
| Governmental funds report capital outlays as expenditures. | |
| However, in the statement of activities, the cost of those assets | |
| is allocated over their estimated useful lives and reported as | |
| depreciation expense. This is the amount by which depreciation | |
| (74,334) was more than capital outlays (7,478) in the current | (66,856) |
| | |
| Governmental funds report debt proceeds as current financial | |
| resources. In contrast, the statement of activities treats the | |
| incurrence of debt as a liability. Governmental funds report | |
| repayment of debt as an expenditure. In contrast, the statement | |
| of activities treats such repayments as a reduction in long-term | |
| liabilities. This is the amount of debt payments. | 23,696 |
| Increase in accrued absences | - |
| | |
| | |
| Change in net position of governmental activities (page 11) | \$ (66,531) |

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. REPORTING ENTITY

The City of Hubbard, Texas (the City), is a general law city in Hill County, Texas which operates under a Council form of government and provides such services as public safety (police and EMS), highways and streets, water and sanitation, public improvements, planning and zoning, judicial, general administrative and other services as are authorized by its code of ordinances and its citizens.

The City Council consists of a Mayor and five council members, constituting an ongoing entity and is the level of government which has governing responsibilities over all activities related to the City. The City is not included in any other government reporting entity. The Mayor and Council members are elected by the public and have decision making authority, the power to designate management, the responsibility to significantly influence operations and primary accountability for fiscal matters.

In evaluating the City's financial reporting entity, management has considered all potential component units. The decision to include a potential component unit was made set forth in GASB Statement No. 14. The component units discussed below have been included based on this criteria.

Hubbard Economic Development Corporation is included as a component unit because of its operational and financial relationship with the City. The Corporation receives its funding from a one-half percent sales tax assessed by the City, and the City appoints the members of the governing board. The Corporation was created by the City to enhance the economic development of the Hubbard community. The Hubbard Economic Development Corporation is presented as a discretely presented component unit.

B. FINANCIAL REPORTING MODEL

In June 1999, the Governmental Accounting Standards Board (GASB) issued Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments.* This statement known as the "Reporting Model" statement, affects the way the City prepares and presents financial information. State and local governments traditionally have used a financial reporting model substantially different from the one used to prepare private-sector financial reports.

GASB Statement No. 34 established new requirements and a new reporting model for the annual financial reports of state and local governments. The Statement was developed to make annual reports more useful to the people who use governmental financial information to make decisions.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. FINANCIAL REPORTING MODEL (Continued)

Management's Discussion and Analysis – GASB Statement No. 34 requires that financial statements be accompanied by a narrative introduction and analytical overview of the government's financial activities (MD&A). This analysis is similar to the analysis the private sector provides in the annual reports.

Government-wide Financial Statements – The reporting model includes financial statements prepared using full accrual accounting for all of the government's activities. This approach includes not just current assets and liabilities (such as cash and accounts payable) but also capital assets and long-term liabilities (such as buildings and general obligation debt). Accrual accounting also reports all of the revenues and costs of providing services each year, not just those received or paid in the current year or soon thereafter.

Statement of Net Position – The Statement of Net Position is designed to display the financial position of the primary government (government and business-type activities) and its discretely presented component units. Governments report all capital assets, including infrastructure, in the government-wide Statement of Net Position and report depreciation expense- the cost of "using up" capital assets – in the Statement of Activities. The net position of the government will be broken down in three categories – 1) net investment in capital assets; 2) restricted; and 3) unrestricted.

Statement of Activities – The government-wide statement of activities reports expenses and revenues in a format that focuses on the cost of each of the government's functions. The expense of individual functions is compared to the revenues generated directly by the function (for instance, through user charges or intergovernmental grants).

C. MEASUREMENT OF FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due.

Property taxes, sales taxes, franchise taxes, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Fines and miscellaneous revenues are considered to be measurable and available only when cash is received by the City.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. FUND ACCOUNTING

The City reports the following major governmental fund:

General Fund – The general fund is the City's primary operating fund. It is used to account for all financial resources of the general government except those required to be accounted for in another fund.

The City reports the following major proprietary fund:

Water and Sewer Fund – The water and sewer fund accounts for the activities of the water distribution system, the sewage treatment plant, sewage pumping stations and collections systems.

Additionally, the government reports the following fund type:

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are following in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, all general revenues include all taxes.

Proprietary fund distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water and sewer enterprise funds are charges to customers for sales and services. The water and sewer funds also recognize as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Pensions:

For purposes of measuring the net pension liability, pension related deferred outflows and inflows of resources, and pension expense, City specific information about its Fiduciary Net Position in the Texas Municipal Retirement System (TMRS) and additions to/deductions from the City's Fiduciary Net Position have been determined on the same basis as they are reported by TMRS. For this

purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. Information regarding the City's Total Pension Liability is obtained from TMRS through a report prepared for the City by TMRS consulting actuary, Gabriel Roeder Smith & Company, in compliance with Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions.

Deferred Outflows/Inflows of Resources:

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has the following items that qualify for reporting in this category.

- Deferred charges on refunding A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.
- Pension contributions after measurement date These contributions are deferred and recognized in the following fiscal year.
- Difference in projected and actual earnings on pension assets This difference is deferred and amortized over a closed five year period.
- Difference in expected and actual pension experience This difference is deferred and recognized over the estimated average remaining lives of all members determined as of the measurement date. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statements element, deferred inflows or resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has only one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, this item is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources: property taxes and municipal court fines. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. ASSETS, LIABILITIES, AND NET POSITION

a. Deposits and Investments

The City's cash and cash equivalents for purposes of reporting cash flows of the proprietary fund consist of cash on hand and demand deposits.

State statutes authorize the City to invest in obligations of the United States or its agencies and instrumentalities and state or local governments, fully insured certificates of deposit, commercial paper, guaranteed investment contracts, repurchase agreement, and certain governmental investment pools. The City's local investment policy limits the City to invest in obligations of the United States or its agencies and instrumentalities, fully insured certificates of deposit, fully collateralized repurchase agreements by obligations of the United States or its agencies and instrumentalities, money market mutual funds, and local government investment pools.

b. Receivables and Payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" or "advances to/from other funds." All other outstanding balances between funds are reported as "due to/from other funds."

All accounts receivables are shown net of an allowance for uncollectibles.

c. Restricted Assets

Certain resources of the City's enterprise fund are set aside for the repayment of its revenue bonds and are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants.

d. Capital Assets

Capital assets, which include land, buildings and improvement, machinery and equipment, infrastructure, and water and sewer facilities are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The City has elected not to report major general infrastructure assets retroactively as permitted by GASB Statement No. 34 for smaller governments. The City will report newly acquired or constructed general infrastructure assets subsequent to October 1, 2003 in the statement of net assets in the period they acquire or construct those assets. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs or normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. ASSETS, LIABILITIES, AND NET POSITION (Continued)

d. Capital Assets (Continued)

Capital assets of the City are depreciated using the straight line method over the following estimated useful lives:

| Assets | Years |
|----------------------------|-------|
| Buildings and improvements | 20-40 |
| Pool and park improvements | 10-15 |
| Machinery and equipment | 5-10 |
| Water system | 10-40 |
| Sewer system | 15-40 |
| Software | 3-5 |

e. General Obligation Enterprise Bonds

The Enterprise Fund provides the annual debt service requirements on certain obligations enterprise bonds (not secured by system revenues) issued to finance system improvements. Accordingly, these obligations have been recorded on the balance sheet of the Enterprise Fund.

f. Compensated Absences

The City accrues a liability for compensated absences which meet the following criteria:

- (a) The City's obligation relating to employees' rights to receive compensation for future absences is attributable to the employees' services already rendered.
- (b) The obligation relates to rights that vest or accumulate.
- (c) Payment of the compensation is probable.
- (d) The amount can be reasonably estimated.

In accordance with the above criteria, the City has accrued a liability for vacation pay which has been earned but not taken by employees. As of the balance sheet date, the City expected that all of the liability for accrued vacation would be liquidated with expendable resources. Therefore, the liability for accrued vacation and sick leave is reflected as a current liability in the financial statements for the year ended September 30, 2022.

g. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

h. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. ASSETS, LIABILITIES, AND NET POSITION (Continued)

h. Estimates (continued)

date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. BUDGETARY INFORMATION

The City Council follows these procedures in establishing the budgetary data reflected in the financial statements.

Prior to August 1 of each fiscal year, the Mayor submits to the City Council a proposed budget for the fiscal year beginning on the following October 1. The operating budget includes proposed expenditures and the means of financing them for the upcoming year, along with estimates for the current year and actual data from the preceding year.

Public hearings are conducted to obtain taxpayer comments. Prior to September 30, the budget is legally enacted through passage by majority vote of the City Council. The Council may authorize supplemental appropriations during the year.

The final amended budget is used in the report. Unused appropriations lapse at the end of the year unless carried forward to the next year by Council action. No encumbrances are recognized or recorded. The operating budget includes proposed expenditures for the General Fund. The City adopted the current year budget on a line item basis.

3. DETAILED NOTES ON ALL FUNDS

A. DEPOSITS

As of September 30, 2024, cash deposits were with a depository bank in interest bearing accounts. The carrying amounts of the City's General Funds and Utility Funds deposits and the bank accounts of the Economic Development Corporation deposits were \$2,238,024 and the bank balances were \$2,238,024 of which \$0 is not insured by the Federal Deposit Insurance Corporation. These assets are valued at cost which approximates market value. Restricted cash is for debt service and is \$474,197. \$1,966,383 is cash for the City of Hubbard and \$271,641 is cash for the EDC.

As of September 30, 2024, the City's depository bank for these funds had pledged securities sufficient to cover the amount above FDIC limits.

3. DETAILED NOTES ON ALL FUNDS (Continued)

B. RESTRICTED TEMPORARY INVESTMENTS

Governmental Activities Assets Restricted

Temporary investments consist of cash and other highly liquid investments that are dedicated to the following:

\$4,708

Business Type Activities Assets Restricted

Temporary investments consist of cash and other highly liquid investments that are dedicated to the following:

\$0

C. PROPERTY TAXES AND RECEIVABLES

The City's property tax is levied each October 1 on the assessed value listed as of the previous January 1 for all real and personal property located in the City. The lien date is January 1 of that year and they become delinquent on February 1. The tax levy for October, 2023 (fiscal year ended September 30, 2024) was \$678,812.

The tax assessment of October 1, 2021 tax sets a tax levy at \$.887 per \$100 of assessed valuation at 100 percent of market value.

Delinquent property taxes estimated to be collected within the next fiscal year are recognized as revenues. Other delinquent property taxes receivable at year end that are deemed uncollectible are recorded as deferred revenues in the governmental fund balance sheet. Current property taxes receivable at 9/30/24 were \$37,589 and delinquent property taxes receivable were \$53,800 for a total due of \$91,389.

3. DETAILED NOTES ON ALL FUNDS (Continued)

4. OTHER INFORMATION

A. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has joined together with other governments in the State of Texas to form the Texas Municipal League Intergovernmental Risk Pool (the Pool), a public entity risk pool currently operating as a common risk management and insurance program for liability, property, and workmen's compensation coverage. The City pays a quarterly contribution to the Pool for its insurance coverage. The agreement for formation of the Pool provides that the Pool will be self-sustaining through member contributions and will reinsure through commercial companies for claims in excess of specific limits.

The City has experienced no significant reductions in coverage through the Pool over the past year. There have been no insurance settlements exceeding Pool coverage for any of the last three years.

5. Forensic Examination Report

The City of Hubbard had a Forensic Examination that was reported on April 29, 2025. This report concluded that the former Court Clerk for the City of Hubbard had defrauded the City of Hubbard in the amount of \$235,501 from January 1, 2019 through March 27, 2024. The defendant has been indicted, but no further information is available as of June 12, 2025. It is not known whether any retribution payments will be included in this case.

CITY OF HUBBARD, TEXAS NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

4. OTHER INFORMATION (Continued)

B. PENSION PLAN

Plan Description

The City of Hubbard participates as one of 860 plans in the nontraditional, joint contributory, hybrid defined benefit pension plan administered by the Texas Municipal Retirement System (TMRS). TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agent multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS's defined benefit pension plan is a tax-qualified plan under Section 401(a) of the Internal Revenue Code. TMRS issues a publicly available comprehensive annual report (CAFR) that can be obtained at www.tmrs.com.

All eligible employees of the city are required to participate in TMRS.

B. Benefits Provided

TMRS provides retirement, disability and death benefits. Benefit provisions are adopted by the governing body of the city, within the options available in the state statutes governing TMRS.

At retirement, the benefit is calculated as if the sum of the employee's contributions, with interest, and the city financed monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefit in one of seven payment options. Members may also choose to receive a portion of their benefit as a Partial Lump Sum Distribution in an amount equal to 12, 24 or 36 monthly payments, which cannot exceed 75% of the member's deposits and interest.

CITY OF HUBBARD, TEXAS NOTES TO THE FINANCIAL STATEMENTS September 30, 2024

III. DETAILED NOTES ON ALL FUNDS (Continued)

I. PENSION PLAN (Continued)

Employees covered by benefit terms.

At the December 31, 2023 valuation and measurement date, the following employees were covered by the benefit terms.

| Inactive employees or beneficiaries currently receiving benefits | 5 |
|--|----|
| Inactive employees entitled to but not yet receiving benefits | 21 |
| Active employees | 13 |
| Total | 39 |

C. Contributions

The contribution rate for the employees in TMRS is 5%, 6% and 7% of employee gross earnings, and the City matching percentages are either 100%, 150% or 200%, both as adopted by the governing body of the City. Under the state law governing TMRS, the contribution rate for each city is annually determined by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Employees for the City of Hubbard were required to contribute 6% of their annual gross earnings during the fiscal year. The contribution rates for the City of Hubbard were 6% and 6% in calendar years 2023 and 2024 respectively. The city's contributions to TMRS for the year ended September 30, 2024 were 16,943, and were equal to the required contributions.

D. Net Pension Liability

The city's Net Pension Liability (NPL) was measured as of December 31, 2023, and the Total Pension Liability (TPL) used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date.

Actuarial assumptions:

The Total Pension Liability in the December 31, 2023 actuarial valuation was determined using the following actuarial assumptions:

Inflation 2.5% per year

Overall payroll growth 3.5-10.5% per year

Investment Rate of Return 6.75% net of pension plan investment expense, including inflation

CITY OF HUBBARD, TEXAS NOTES TO FINANCIAL STATEMENTS (Continued)

III. DETAILED NOTES ON ALL FUNDS (Continued)

Salary increases were based on a service-related table. Mortality rates for active members, retirees, and beneficiaries were based on the gender-distinct RP2000 Combined Healthy Mortality Table, with male rates multiplied by 109% and female rates multiplied by 103%. The rates are projected on a fully generational basis by scale BB o account for future mortality improvements. For disabled annuitants, the gender-distinct RP2000 Disabled Retiree Mortality Table is used, with slight adjustments.

Actuarial assumptions used in the December 31, 2023, valuation were based on the results of actuarial experience studies. The experience study in TMRS was for the period January 1, 2010 through December 31, 2014, first used in the December 31, 2017 valuation. Healthy post-retirement mortality rates and annuity purchase rates were updated based on a Mortality Experience Investigation Study covering 2009 through 2011, and dated December 31, 2013. These assumptions were first used in the December 31, 2013 valuation, along with a change to the Entry Age Normal (EAN) actuarial cost method. Assumptions are reviewed annually. No additional changes were made for the 2020 valuation.

The long-term expected rate of return on pension plan investments is 6.75%. The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the TMRS Board of Trustees. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income, in order to satisfy the short-term and long-term funding needs of TMRS.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| Asset class | Target allocation | Long-Term Expected Real Rate of Return (Arithmetic) |
|-----------------------|-------------------|---|
| Domestic Equity | 17.5% | 4.80% |
| International Equity | 17.5% | 6.05% |
| Core Fixed Income | 30.0% | 1.50% |
| Non-Core Fixed Income | 2 10.0% | 3.50% |
| Real Return | 5.0% | 1.75% |
| Real Estate | 10.0% | 5.25% |
| Absolute Return | 5.0% | 4.25% |
| Private Equity | 5.0% | 8.50% |
| Total | 100.0% | |

Discount Rate

The discount rate used to measure the Total Pension Liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

Net Other Post Employment Benefits Liability. Actuarial Assumptions

Actuarial assumptions were developed from the actuarial investigation of the experience of TMRS over the four year period from December 31, 2010 to December 31, 2014. These assumptions were adopted in 2015 and first used in the December 31, 2015 valuation.

All administrative expenses are paid through the Pension Trust and accounted for under reporting requirements under GASB Statement No. 68.

The Mortality Experience Investigation Study covering 2009 through 2011 is used as the basis for the post-retirement mortality assumption for healthy annuitants and Annuity Purchase Rate (APRs). Mortality Rates for service employees uses the RP2000 Combined Mortality Table with Blue Collar Adjustment with male rates multiplied by 109% and female rates multiplied by 103%. The rates are projected on a fully generational basis with scale BB to account for future mortality improvements subject to the 3% floor.

Inflation 2.50% per year

Overall payroll growth 3.50 to 10.5% per year including inflation

Discount rate 3.31%

Other Information

Due to the SDBF being considered an unfunded OPEB plan, benefit payments are treated as being equal to the employer's yearly contributions for retirees. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75 to pay related benefits. In order to determine the retiree portion of the City's Supplemental Death Benefit Plan contributions (that which is considered OPEB), the City should perform the following calculation: Total covered payroll * retiree Portion of SDB Contribution (Rate)

City of Hubbard, Texas Note to Statement of Revenues, Expenditures and Changes in Fund Balance-Budget and Actual-General Fund

For the Year Ended September 30, 2024

1. Budgetary Highlights

The City's original budget was not amended during the year ended September 30, 2024.

The City's overall actual revenue was \$1,263,236 or \$301,953 more than budgeted in the General Fund. This was primarily generated from more than expected fines and fees and property tax. The City's overall actual expenses were \$1,261,348 or \$291,694 more than budgeted.

The City's overall enterprise fund actual revenue was \$1,080,068 or \$42,3886 more than budgeted. This was primarily due to more water revenues. The City's overall enterprise fund expenses were \$1,130,146 or \$211,382 less than budgeted.

CITY OF HUBBARD NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS For the year ended September 30, 2024

NOTE A BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of City of Hubbard (the "City") under programs of the federal government for the year ended September 30, 2024. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the City.

NOTE B SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

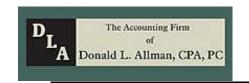

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE C INDIRECT COST RATE

The City has elected not to use 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE D FEDERAL AWARDS PASSED THROUGH TO SUBRECIPIENTS

Federal awards are passed through to subrecipients through the State of Texas and then to the City of Hubbard.

CERTIFIED PUBLIC ACCOUNTANT

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the City Council City of Hubbard, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City of Hubbard, Texas, as of and for the year ended September 30, 2024 and the related notes to the financial statements, which collectively comprise City of Hubbard, Texas's basic financial statements, and have issued our report thereon dated June 12, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered City of Hubbard, Texas's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Hubbard, Texas's internal control. Accordingly, we do not express an opinion on the effectiveness of City of Hubbard, Texas's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

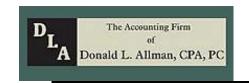

As part of obtaining reasonable assurance about whether City of Hubbard, Texas' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CERTIFIED PUBLIC ACCOUNTANT

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the City Council City of Hubbard, Texas

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited City of Hubbard, Texas's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of City of Hubbard, Texas's major federal programs for the year ended September 30, 2024. City of Hubbard, Texas's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, City of Hubbard, Texas complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of City of Hubbard, Texas and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of City of Hubbard, Texas's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to City of Hubbard, Texas's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on City of Hubbard, Texas's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about City of Hubbard, Texas's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit
 procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding City of
 Hubbard, Texas's compliance with the compliance requirements referred to above and performing such other
 procedures as we considered necessary in the circumstances.
- Obtain an understanding of City of Hubbard, Texas's internal control over compliance relevant to the audit in order to
 design audit procedures that are appropriate in the circumstances and to test and report on internal control over
 compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the
 effectiveness of City of Hubbard, Texas's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
